OSU EXTENSION – WASCO COUNTY 4-H

– PROGRAM OVERVIEW –

4-H is the largest out-of-school, positive youth development program in the United States. Through 4-H, young people learn and grow while developing the skills and confidence needed to become contributing, productive, self-directed members of society. 4-H's life changing programs for youth ages 5-19 are research-backed and available through 4-H clubs, camps, and after-school and school enrichment programs.

What does 4-H Offer in Wasco County

Our Wasco County 4-H Program includes about 2,000 youth in our traditional clubs and in-school programs. Roughly 70 volunteers and five professionals guide the youth in their educational pursuits. Local 4-H members are dedicated to the program and their community. These same members regularly represent Wasco County and Oregon 4-H at the state and national level and are tremendous role models for local youth.

One of our current focuses is STEM (Science, Technology, Engineering, and Math) to help our schools reach the required benchmarks put forth by the Next Generation Science Standards and to develop a workforce ready for our constantly changing world of technology.

– GIVING OPPORTUNITIES –

Volunteer

Our wonderful volunteers are the backbone of this organization. Without the effort of our volunteers, we would not be able to provide these opportunities to our 4-H youth. We are always in need of caring adults willing to volunteer as club leaders, coaches, chaperones, and other roles. Project knowledge is not necessary to be a volunteer and training is provided.

Make a difference in the life of a Wasco County youth—**volunteer today!**

Donors open the doors for 4-H members by providing funds for scholarships and awards. Scholarships are made available to 4-H members with financial need to participate in 4-H events.
